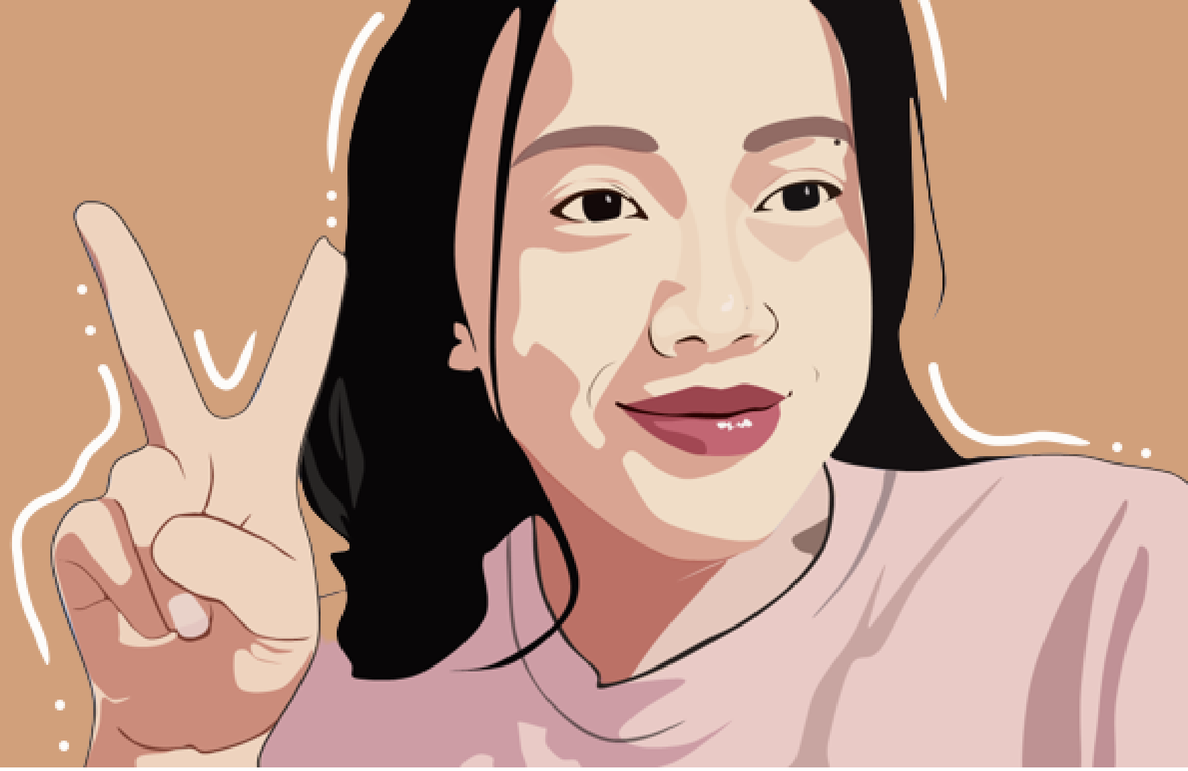
Mobile App Design



By Eloisa P. Senga

Bachelor of Science in Information Technology with specialization in Multimedia Arts and Animation

I am Eloisa P. Senga, and my portfolio is a representation of all I've learned and accomplished as an artist and developer. In this section are my mobile designs which I made with collaborating with a team for an activity and project in school. These works serves as my building block in being creative and practice my skills in designing and programming.

I am still learning and will continue to show new sides of me. Have fun in checking my web designs, I think you'll like what you see!

Fire Safety & Disaster Management
With Your Family
✓ Know your evacuation routes, transportation and a place to stay with family or friends outside of the evacuation zone;
✓ Set a family emergency communications plan: set up a family meeting spot and teach your family what to do when they hear a smoke alarm;
✓ Ensure everyone knows how to call 911;
✓ Teach your family about fire prevention and safety;
✓ Build an emergency preparedness kit or get one ready-made with JUDY;
✓ Ensure that all household members know at least two ways to escape from every room in your home.
✓ Store supplies so you can quickly grab and go in case of evacuation; and,
✓ Practice your home escape plan at least twice a year.
